"THE PARTNERSHIP CONGRATULATES JOE SPIELMAN"

The Prevention Partnership's new "Reach for your Dreams" Anti-Drug & Anti-Violence Program has moved forward in large part due to the commitment of one of its original charter members, Mr. Joe Spielman. Mr. Spielman stated "I still want to be involved with the Partnership. I believe in their mission of trying to keep children away from the drug culture and more importantly it's just the right thing to do".

"Jessica is Doing Better"

Some of you especially in the St. Louis area remember the benefit Route 66 Chevrolet and the St. Louis Corvette Club had for little Jessica Gullet in 2004. We recently heard from Jessica's Mom and she said "Thank you so much for thinking about Jess and keeping her in your prayers. She is still having some problems associated from the transplant, but is doing remarkably well. The docs keep reassuring me that her problems will eventually fix themselves. In the mean time she has to be on lots of steroids and other meds. She is a very strong little girl and a fighter! She is my Angel sent from God! We keep each other strong and going. I have attached a couple of photos of her from Christmas of 2006 and Jessica with her teacher having a pretend camp in our yard. Once again, Thank you for thinking about Jessica." Captain Joe said "A Special Thank You to all our Partners who knew about and have kept young Jessica in their prayers over the years. Your prayers are helping her to survive so please don't stop praying.

Thanks

Again."
